SAKER-20	ESS User redirected to Dashboard instead of Personal Details on first login	Medium	Low
SAKER-15	Work Experience saved successfully with a future "From" date, no validation error shown	High	Medium
SAKER-19	Space creation allows leading whitespace without a validation error	Medium	Medium
SAKER-67	ESS User can update employee's full name with digits or special characters without any error	High	High
SAKER-68	ESS user can update employee's full name with one character	Medium	Medium

SAKER-9 The app can set up a new drive License Expiry Date in the past	
Environment	Google Chrome version 145.0.7632.45
Priority	High
Severity	Medium
Steps to Reproduce	
1. Navigate to the application 2. Log in to the ESS user account 3. Click the "MyInfo" button on the left side panel 4. Select an old date for License Expiry 5. Click on the save button	
Expected Result	The system should validate the date and provide an error message (e.g., "Expiry date cannot be in the past") or prevent the user from saving the record with an invalid/expired date.

Actual Result	The system accepts the past date and successfully saves the record without any validation errors or warnings.

SAKER-11 The system can let the user add a drive license expiry date when they don't have a drive license

Environment	Google Chrome version 145.0.7632.45
-------------	-------------------------------------

Priority	High
----------	------

Severity	High
----------	------

Steps to Reproduce

1. Navigate to the application
2. Log in to the ESS user account
3. Click the "MyInfo" button on the left side panel
4. Select a License date
5. Click on the save button

Expected Result	The changes should be rejected.
-----------------	---------------------------------

Actual Result	The system successfully saves the Expiry Date despite the License Number being missing.
---------------	---

Screenshots

The screenshot displays the 'Orange Test' user profile page. On the left is a sidebar with navigation links: Personal Details (selected), Contact Details, Emergency Contacts, Dependents, Immigration, Job, Salary, Report-to, Qualifications, and Memberships. The main content area is titled 'Personal Details' and contains the following fields:

- Employee Full Name***: Three input fields containing 'Orange', 'Middle Name', and 'Test'.
- Employee Id**: Input field containing '0001'.
- Other Id**: Empty input field.
- Driver's License Number**: Empty input field.
- License Expiry Date**: Date picker showing '2026-29-12'.
- Nationality**: Dropdown menu showing '-- Select --'.
- Marital Status**: Dropdown menu showing '-- Select --'.
- Date of Birth**: Date picker showing 'yyyy-dd-mm'.
- Gender**: Radio buttons for 'Male' and 'Female' (selected).

At the bottom right of the form is a green 'Save' button. A note at the bottom left states '* Required'.

SAKER-12 State/Province field is a text input instead of a dropdown for the United States

Environment	Google Chrome version 145.0.7632.45
-------------	-------------------------------------

Priority	Medium
----------	--------

Severity	Medium
----------	--------

Steps to Reproduce

1. Navigate to the application
2. Log in to the ESS user account
3. Click the "MyInfo" button on the left side panel
4. Click on Contact Details on the left panel
5. Select the United States
6. Click on the State/Province field

Expected Result	The State/Province field should transform into a menu where you could choose one of the 50 states of America.
-----------------	---

Actual Result	State/Province appears as an empty text input field.
---------------	--

Screenshots

The screenshot shows a user profile page for 'Orange Test'. The left sidebar contains a list of menu items: Personal Details, Contact Details (highlighted), Emergency Contacts, Dependents, Immigration, Job, Salary, Report-to, Qualifications, and Memberships. The main content area is titled 'Contact Details' and contains several form fields. Under the 'Address' section, there are fields for Street 1, Street 2, City, State/Province, Zip/Postal Code, and Country. The 'State/Province' field is currently a text input with a cursor, instead of a dropdown menu. Under the 'Telephone' section, there are fields for Home, Mobile, and Work. Under the 'Email' section, there are fields for Work Email (containing 'test@orangehrm.com') and Other Email. At the bottom right, there is a green 'Save' button and a note '* Required'.

SAKER-17 The app can let the user set their dependent's birthdate for a date in the future

Environment	Google Chrome version 145.0.7632.45
-------------	-------------------------------------

Priority	High
----------	------

Severity	Medium
----------	--------

Steps to Reproduce

1. Navigate to the application
2. Log in to the ESS user account
3. Click the "MyInfo" button on the left side panel
4. Click on Dependents on the left panel
5. Click on the Add button next to the Assigned Dependents
6. Fill in the following fields: Name: abd, Relationship: Child, Date of Birth: 2027-06-10
7. Click on Save

Expected Result	The system should reject the birthdate.
-----------------	---

Actual Result	The record saves successfully, with future/invalid dates displayed in the Dependents list.
---------------	--

Screenshots

The screenshot displays the 'Orange Test' application interface. On the left is a sidebar with a navigation menu containing: Personal Details, Contact Details, Emergency Contacts, Dependents (highlighted), Immigration, Job, Salary, Report-to, Qualifications, and Memberships. The main content area is titled 'Assigned Dependents' with a '+ Add' button. Below this, it states '(1) Record Found' and shows a table with the following data:

☐	Name	Relationship	Date of Birth	Actions
☐	Adam	Child	2027-06-10	

Below the table, there is an 'Attachments' section with a '+ Add' button, followed by the text 'No Records Found' and another table with the following structure:

☐	File Name	Description	Size	Type	Date Added	Added By	Actions
--------------------------	-----------	-------------	------	------	------------	----------	---------

SAKER-20 ESS User redirected to Dashboard instead of Personal Details on first login

Environment	Google Chrome version 145.0.7632.45
-------------	-------------------------------------

Priority	Medium
----------	--------

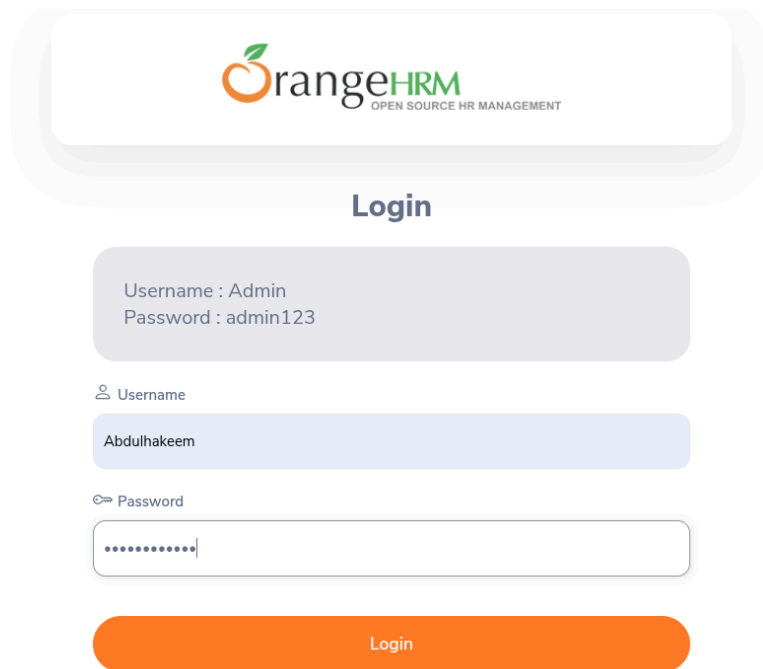

Severity	Low
----------	-----

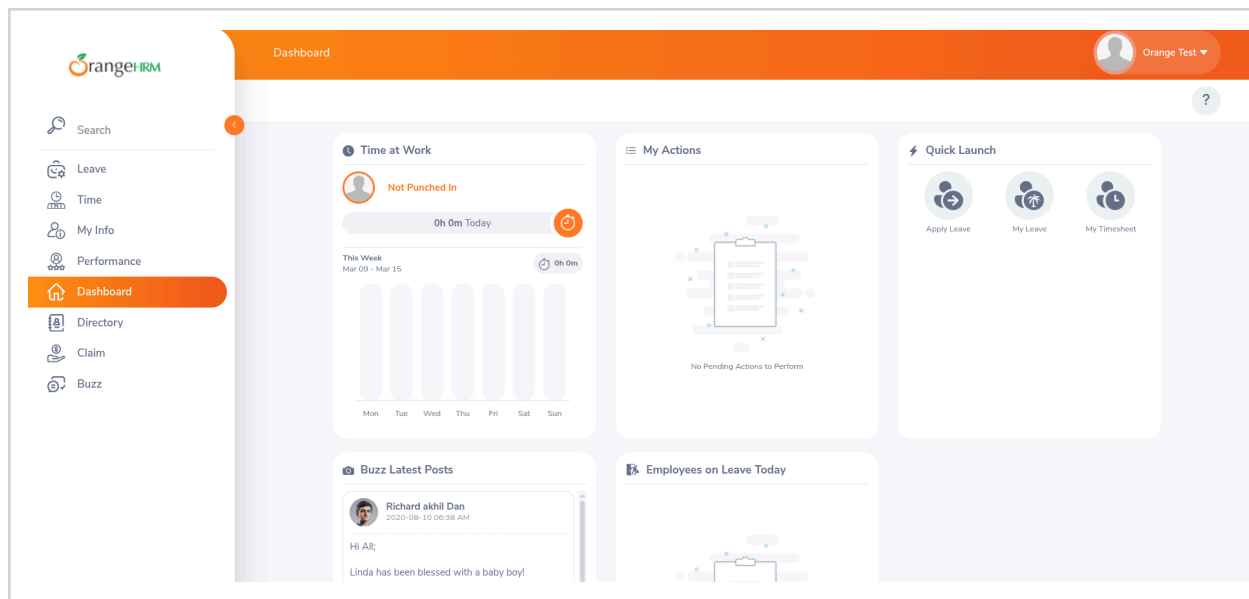

Steps to Reproduce

1. Log in as a new ESS user for the first time.
2. Observe the redirection to the Dashboard.

Expected Result	The system should redirect new users to the Personal Details page on their first login.
-----------------	---

Actual Result	New users are redirected to the Dashboard instead of the Personal Details page. This behavior contradicts the expected behavior defined in the SRS.
---------------	---

Screenshots

SAKER-15 Work Experience saved successfully with a future "From" date, no validation error shown

Environment	Google Chrome version 145.0.7632.45
-------------	-------------------------------------

Priority	High
----------	------

Severity	Medium
----------	--------

Steps to Reproduce

1. Log in as an ESS user.
2. Navigate to the Work Experience section.
3. Add a new Work Experience entry.
4. Set the "From" date to a future date.
5. Save the entry.

Expected Result	The system should display a validation error when a "From" date is set in the future.
-----------------	---

Actual Result	The system allows the record to be saved without showing any validation error.

SAKER-19 Space creation allows leading whitespace without a validation error**Environment** Google Chrome version 145.0.7632.45**Priority** Medium**Severity** Medium**Steps to Reproduce**

1. Attempt to create a new space.
2. Enter a name with a leading space.
3. Observe that no error message is shown.

Expected Result The system should display an error message when a user attempts to create a space with a leading space in the name.**Actual Result** No error message appears when a user tries to create a space with a leading space before the name.**Screenshots**

General Information Edit

Organization Name* Number of Employees

Registration Number Tax ID

Phone Fax Email

Address Street 1 Address Street 2 City

State/Province Zip/Postal Code Country

Notes

SAKER-67 ESS User can update employee's full name with digits or special characters without any error

Environment	Google Chrome version 145.0.7632.45
Priority	High
Severity	High

Steps to Reproduce

1. Log in as an ESS user.
2. Navigate to the employee's full name update section.
3. Enter a full name that includes digits or special characters.
4. Submit the update.

Expected Result	The system should prevent users from entering digits or special characters in employees' full names.
Actual Result	The current behaviour allows users to update employee full names with digits or special characters without any error.

Screenshots

The screenshot displays the PIM (Personnel Information Management) interface. The top navigation bar is orange with the 'PIM' label and a user profile icon labeled '4quassy 123!@#\$'. The main content area is divided into a sidebar and a main form. The sidebar on the left contains a list of navigation links: 'Personal Details', 'Contact Details', 'Emergency Contacts', 'Dependents', 'Immigration', 'Job', and 'Salary'. The main form area is titled 'Personal Details' and contains several input fields. The 'Employee Full Name*' field is highlighted with a red border and contains the text '4quassy @ #Qaaa 123!@#\$'. Below this are fields for 'Employee Id' (0312) and 'Other Id' (2555). Further down are 'Driver's License Number' and 'License Expiry Date' (1920-01-01). The 'Nationality' field is set to 'Uruguayan' and the 'Marital Status' field is set to '--- Select ---'. The 'Date of Birth' field is set to 'yyyy-dd-mm' and the 'Gender' field has radio buttons for 'Male' (selected) and 'Female'.

SAKER-68 ESS user can update employee's full name with one character

Environment	Google Chrome version 145.0.7632.45
Priority	Medium
Severity	Medium

Steps to Reproduce

1. Log in as an ESS user.
2. Navigate to the employee's full name update section.
3. Change one character in the employee's full name.
4. Save the changes.

Expected Result	The system should require a full name update, ensuring that more than one character is changed.
Actual Result	Users can modify the employee's full name by changing just one character.

Screenshots

The screenshot displays the PIM (Personnel Information Management) system interface. The top navigation bar is orange with the 'PIM' label and a user profile icon labeled 'a b'. A sidebar on the left contains a list of menu items: Personal Details, Contact Details, Emergency Contacts, Dependents, Immigration, Job, Salary, and Report-to. The main content area shows the 'Personal Details' form for an employee. The form includes the following fields:

- Employee Full Name***: A text field containing 'a a b'.
- Employee Id**: A text field containing '0312'.
- Other Id**: A text field containing '2555'.
- Driver's License Number**: A text field.
- License Expiry Date**: A date picker showing '1920-01-01'.
- Nationality**: A dropdown menu showing 'Uruguayan'.
- Marital Status**: A dropdown menu showing '-- Select --'.
- Date of Birth**: A date picker showing 'yyyy-dd-mm'.
- Gender**: Radio buttons for 'Male' (selected) and 'Female'.
